## SELECTMEN'S REPORT - 1966

The Selectmen wish to take this opportunity to thank all the citizens of Charlestown for their cooperation and understanding in helping to make the year 1966 one of progress.

It might be a matter of interest to citizens of the Town that 20 years ago the Selectmen prepared a budget for the town of \$103,000. This year we have prepared a budget of \$511,144.85. Our town has grown considerably in these 20 years, and with it have grown the responsibilities, problems and work loads of your Town Officers. The following reports of these officers can not do justice to the number of hours these people dedicate to their respective positions.

Prior to the Town Meeting of 1966 the Selectmen obtained bids for a front end loader. This enabled the Selectmen to have some knowledge of monies to ask for in the purchase of this equipment. The loader was purchased shortly after Town Meeting for \$12,000.00.

This year a new State law required mailing out of inventory blanks, which was done prior to April 1st. This did not relieve us of taking the inventory and visiting all properties in Town. With a community the size of Charlestown, the taking of the inventory is extremely difficult, particularly in view of the fact that we are part time officers with other obligations to meet.

On completion of the inventory, about the 25th of April, work was started on the tax books. Due to an estimated tax rate of \$9.35 per hundred, it was necessary to raise the percentage of assessed evaluation. Complying with a State law, it was decided that properties would be assessed at 100% of evaluation. Each parcel of property in the Town was given considerable consideration and deliberation in assessing. Along with ever increasing Town matters needing attention and time, the tax books consumed a large part of our time from April until the middle of August. After completing the tax books and obtaining the totals, an appreciable increase of the grand list resulted in a lower tax rate than anticipated at Town Meeting time in March.

About this time a group of citizens of the Town jointed to-gether in committee to investigate, study and make suggestions pertaining to the Police Department and Municipal Court. The Selectmen have been reluctant during the past year to construct court facilities as are required by the State Judicial Committee. We have included in the 1967 budget necessary monies to construct these facilities and purchase the necessary fixtures for the court. The Police Department went under severe troubles last fall with the resignation of Officer Potter and the following resignation of Chief Willoughby, who had served the community many years in police matters.

Several problems concerning zoning regulations and the inadequacy of existing zoning regulations have taken considerable time and deliberation.

In the middle of the year an opportunity arose to purchase the old Nelson-Warner Co. coal and storage sheds from Mr. Rolfe Jacobs. As no monies were appropriated at the Town Meeting for this purpose, and the opportunity to purchase this land had to be taken at that time. The Selectmen wished this land as a proposed site for a new town garage, which is badly needed, and called the Finance Committee to confer with and get their approval of this purchase with monies coming from the Highway Department funds. The Finance Committee discussed the purchase thoroughly and approved the action, and the land was purchased.

In October when tax bills were received many people apparently were unaware of the amount of the Town budget, and the necessary amount of monies needed to meet the budget, and expressed their dissatisfaction with assessments, taxes and town affairs in general.

In summarizing the year 1966 for this office, it might be said to have been one of long hours, many nights, many discussions, many problems, frustrations, and one of work, challenge and interest.

Respectfully submitted,

HORACE A. HOLDEN

# REPORT OF THE HEALTH OFFICER TOWN OF CHARLESTOWN 1966

In 1966 there has been nine samples of water taken from the Charlestown supply and nine samples taken from the North Charlestown supply. All of these have been reported as satisfactory for drinking purposes. We are fortunate in the respect that both supplies are now non-chlorinated well water. The new well in North Charlestown having been completed this fall.

The annual program of rodent extermination was carried out at the town dump this fall with very good results. Other duties of the Health Officer have been carried out as the occasion warrants. I wish to thank the residents of Charlestown for the cooperation I have received in the past year in connection with the responsibilities of my office.

Respectfully submitted

David T. Henry

### **TOWN ROAD AID**

Treasurer, State of New Hampshire \$ 1,119.40

The Town Road Aid consisted of improving Lovers Lane Road. We excavated six tenths of a mile of road, some places as deep as five feet, and filled with gravel to do away with the clay bed. In another place we built the road up six feet.

We also put in five hundred feet of underdrain, two fifteen inch culverts, extended two more, and also three drain grates

We used 6665 cubic yards of gravel for sub base finish grade and farmer's mix will be applied next spring.

### **CHARLESTOWN HIGHWAY DEPARTMENT REPORT FOR 1966**

The start of the year began the same as all others, snow and ice which required plowing, sanding and salting. Many hours were spent doing these jobs.

Then in the spring we began to gravel dirt roads where needed, and to grade them also.

We spent about two weeks working on the swimming pool, filling in the back of the pool with dirt and gravel to do away with the mud hole which was a breeding place for insects.

Then we began to build the new school road which required about three months to build, also building the street in back of the school which was an old town road.

We spent many hours patching holes in the tarred roads, preparing them for oiling.

We cut about 1½ miles of brush and mowed some of the road sides.

We began T. R. A. in the fall on the Lovers Lane road. We worked on this about two months. You can find the T. R. A. report elsewhere in the town report.

Also, in the fall we did our fall grading, cleaning ditches of leaves, putting up snow fence and getting ready for another winter. We look forward to serving you again this year.

Respectfully yours,

Ernest G. Keneson  
Road Agent

### Annual Trustee's Report

During the past year the hours of library service and the number of books have been increased.

A great deal of work has been done to alleviate as far as possible the problem of lack of space.

The first draft of preliminary plans for a library addition has been received and has been under study by the trustees. These plans will soon be on display for public information and comment.

## WATER DEPARTMENT REPORT

The water Department laid 135 feet of 1" copper main on Stanley Street. 100 feet of 1" steel cement lined to the Old Fort Number Four. 318 feet of 2" cast iron cement lined on the East Street Extension. The Water Department replaced 452 feet of 2" iron with 2" cast iron cement lined 34 feet 1" steel cement lined and an additional 35 feet of 1" steel cement lined on Cummings Avenue. Laid 900 feet of 6" cast iron cement lined main for the well in North Charlestown. Leo Poisson laid 436 feet of 6" cast iron cement lined main and put one hydrant on the end of the line. Morway's Pine Mobile Home Court laid 286 feet of 2" cement lined cast iron main. 832 feet of 6" cement lined cast iron pipe was laid to the new Elementary School and one hydrant. One new hydrant was put in on the new line which was put in last year on the Lovers Lane Road.

The Town Reservoir was cleaned this year. The North Charlestown Reservoir was not cleaned this year because of low water. Some brush at the reservoir was cut and a road made from the lower reservoir to the by-pass dam so the truck can go to the by-pass dam. The brook was also widened at the town well for the spring run off.

The well in North Charlestown was put in service in September. The foundation and blocks for the well house was laid by Mr. Normand Beaudry, Contractor, the rest was done by the Water Department. Trees and brush near the power lines were cut and burned by the Water Department and part of the new road was roughed out. We had a leak in 12" main in Mr. T. J. Frizzells pasture which was repaired.

The well in town stayed up a lot higher this year than last year.

We made 25 new services.

We replaced 2 old services.

### CHARLESTOWN VISITING NURSE ASSOCIATION

The Visiting Nurse Association has had a relatively slow year with a total of 132 calls, because until recently Charlestown had no resident physician to recommend or prescribe its services. The Association is however looking forward to providing increased service in the future by cooperating with the physicians of the Charlestown Medical Center.

Mrs. Gladys Kidder stepped down as president of the Association, a post she has held since its institution eight years ago. The Association is indeed indebted to her for her many contributions and personal sacrifices.

An office for a Visiting Nurse has been made available in the Medical Center through a generous gift from the Charlestown Grange. Furniture and drapes were donated for this room through the efforts and contributions of Mr. and Mrs. Walter Kidder.

Mrs. Verlie Washburn has generously given of her time and services to serve as the Visiting Nurse on a temporary basis until the Nurse Committee could find a nurse to take the position on a permanent basis.

Officers for 1967 are:

President — Mrs. Sophie Merriam  
Vice President — Mrs. Dolly Lanphear  
Secretary — Mrs. Lois Dalzell  
Treasurer — Mrs. Betty Bascom  
Auditor — Mr. Horace Holden

Lois M. Dalzell, Secretary

#### **REPORT OF TOWN PLANNING BOARD**

Planning Board members appointed by the Selectmen, met on April 18, 1966 and elected their officers.

It is very apparent that the Town is growing consequently many departments need revising, eliminating or combining of some, for best efficiency.

The Board agreed to start with a good basic set up in over all Planning. The Town being partially zoned was the deciding factor for us to complete same, because zoning is for everyone.

Every other Monday without fail the Board met for scheduled meetings for at least two hours or better. Meetings becoming more frequent since the month of November.

Planning Board first reviewed our existing zoning laws and in order to up-date same, much research, study and discussions was required by all members.

Material used in research was available from the State Department of Resources & Economic Development, Federal Government, and examples from neighboring States.

Results from efforts applied, and for the best interest of Charlestown, N. H., may be found elsewhere in this report.

Chester Szklennik, Sec.

## PROPOSED AMENDMENT TO ZONING ORDINANCE

This is a proposed Amendment to the present Zoning Ordinance of the Town of Charlestown, N. H. If voted in, it will supersede the present Ordinance. If voted down, the present Zoning will continue to be in effect.

- a. Agriculture, Farming, Market Gardening, Forestry and State Parks. Minimum lot size 15,000 sq. ft. under ideal conditions, such as, water and proper soil for correct sewage. Extension of lot sizes must be adhered to if not adequate. Buildings not to exceed 25% of lot size. Placement of buildings from front property line minimum of 25 ft. and 10ft. from property boundaries.
- b. Trailer parks restricted to rural zone only. Must conform to the State regulations controlling Trailer Parks.
  - 1. Trailer parks and Camp sites shall be provided with the following facilities for use of occupants of such trailers.
    - a. At least one water tap for drinking purposes shall be provided for every four trailer lots and such taps shall be so arranged and located as to be easily accessible to the occupants of said lots.
    - b. Separate, adequately lighted and ventilated toilet rooms for each sex. Each such toilet room shall have the following minimum sanitary facilities, which shall be supplied with running water.
      - 1. One toilet for every five trailer lots or fraction thereof.
      - 2. One adequately flushed urinal stall in the men's toilets for every three toilets.
      - 3. One lavatory or wash basin in each toilet building, which in no event shall be less than the minimum required by law.
      - 4. One shower or bathtub for every six trailers or fraction thereof.
  - a. The floors of the building or structures which house the sanitation facilities here-in mentioned shall be constructed of concrete or other water-tight material. All doors, windows, and other openings shall be properly screened. Said buildings or structures shall be located at a distance of not greater than 200 ft. from the nearest point of any trailer lot it is supposed to service.
- c. Mobilehome parks will comply with the state regulations and all the regulations in this ordinance pertaining to mobilehome parks.
  - 1. Minimum lot size of 5,000 sq. ft. with at least 15 ft. clearance beyond any structure to the boundary of the lot.

2. Records. Each permittee shall keep a written record, subject to the inspection at any reasonable time, by a duly authorized officer of the Town, which shall contain the date of arrival, the name of the make, year, serial number and length of mobilehome, and also the name of the occupants thereof.
3. Expansion of existing mobilehome parks which a permit has not been granted for as of the effective date of this ordinance must conform to all the regulations included in this ordinance and in the State regulations pertaining to mobilehome parks.
- d. Proposed mobilehome parks must submit a plan to the Board of Adjustment for approval. Approval will be granted provided the mobilehome park conforms to this ordinance. Application must contain the following information:
  1. Interested Party. The name and address of the applicant, and the name and address of the real party in interest if other than the applicant.
  2. Plot plan. A plot plan showing the site of the mobilehome park, roads, location, size, shape and identification number of mobilehome lots or spaces, location of sanitary provisions and the name of abutting property owners according to the records of the Board of Assessors for the Town. Three blueprints or other type of copies must accompany the original plan. Said plan shall be filed with the Town Clerk and shall not be accepted for recording until and unless signed "As Approved" by the Board of Selectmen.
  3. Certification. Certificate of Approval of the Town Health Officer as to the compliance with the sanitary requirements of the Town.
  4. Proof. Proof of ownership, option or valid lease of the premises to be used as a mobilehome park.
- e. Permits required for all mobilehomes.
  1. The permit for individual mobilehomes or mobilehome parks obtained from the (Licensing Authority) shall be for the calendar year, or any part thereof, ending December 31st of each calendar year. Renewal permits shall be obtained during the month of December for the next year following.
    - a. Exceptions. This ordinance after the effective date thereof, shall apply to all existing mobilehome parks and individual mobilehomes, provided, however that the Board of Adjustment may waive all requirements except those that pertain to the sanitary requirements, as may in its judgement be required by specific circumstances or will create undue hardship. These exceptions must also receive an annual permit as stated for mobilehomes.

- b. Revocation and reinstatement: (The Licensing Authority) of the Town of Charlestown, N. H. shall revoke any Town permit to maintain a mobilehome park or an individual mobilehome when the permittee or his duly authorized agent or employee has been found guilty by a court of competent jurisdiction of violating any provision of this ordinance. Said authority shall be permitted to reinstate said permit upon evidence submitted to it that the circumstances occasioning such convictions have been remedied.
- f. Industry and Junk Yards will be allowed in rural areas providing they adhere to State regulations.

## GENERAL PROVISIONS

- 1. Any lawful use of any building or premise in existence at the time this ordinance becomes legal may continue its use though it is contrary to the ordinance.
- 2. If any non-conforming use of any building or premise be discontinued for at least a year any subsequent use shall conform to the ordinance.
- 3. Vacation permits for trailers not to exceed 3 months, in any year. This is inclusive for all vacationers in one residence. This restriction applies to all zones.
- 4. Seepage tests shall be made in accordance with the procedure recommended by the State Department of Health in areas served by sub-surface sewerage disposal systems. A statement showing the results of these tests and the soil conditions, signed by Health Officer licensed by the State shall be submitted in duplicate with the application.
- 5. Penalties
  - a. Fines. Any person who shall violate any provisions of the ordinance, or any provisions of any regulation adopted by the Town Health Officer pursuant to the authority granted by this ordinance, shall upon conviction be punished by a fine of not more than \$10.00 and each day's failure to comply with the provisions hereof, shall constitute a separate violation.
- 6. Any expansion of existing mobilehome parks must adhere to 5,000 sq. ft. minimum lot size.

## SEPARABILITY

- a. Each and every provision of this ordinance shall be deemed a separate, distinct and independent provision and the invalidity of any provision or section thereof shall not affect the validity of the remaining sections or provisions of this ordinance.

## ENFORCEMENT

- a. It shall be the duty of the Board of Adjustment to enforce the provisions of this ordinance and the Board is hereby given the power and authority to carry out this purpose.

- b. No building or structure shall be erected without first consulting the Board of Adjustment to see if such proposed construction conforms to this ordinance. Approvals shall be given in writing by the Board. This ruling is intended to eliminate misinterpretation of the terms of this ordinance, and to insure against the possibility of prospective builders starting projects without first making sure that such projects conform. This ruling shall not apply to minor repairs or alterations.
- c. The Board of Adjustment shall not approve any proposed building or structure unless same shall present a reasonable appearance and be in keeping with the neighborhood and community and unless the construction is to be finished in a permanent manner. This is intended to eliminate uses or structures obviously out of place and which may have a detrimental effect on the property values and neighborhood character.
- d. Upon any well-founded information that this ordinance is being violated, the Selectmen shall, on their own initiative, take immediate steps to enforce the provisions of this ordinance by seeking an injunction in the Superior court or by any other appropriate legal action.
- e. Whoever violates any of the above regulations shall be punished by a fine not exceeding \$10 for each day of violation.
- f. This ordinance may only be amended by the method prescribed in chapter 31 paragraph 63A in the Planning Enabling Legislation in New Hampshire.
- g. In order for a variance to be granted, the Board of Adjustment shall notify all abutters, in writing, to the proposed variance and hold a public hearing duly posted for 15 days prior. At least 15 days following the hearing, a Town Meeting will be called to vote on the variance. A majority vote of the legal voters present and voting will be required for passage of this variance.

## BOARD OF ADJUSTMENT

- a. Within thirty days of the passage of this ordinance, the Board of Selectmen shall appoint a Board of Adjustment as shown in Chapter 31 paragraph 67 of the Planning Enabling Legislation of New Hampshire.

Compiled by the Planning Board of Charlestown, N. H.

Planning Board Members are:

Mr. Robert Kiley, Chairman  
Mr. Chester Szklennik, Secretary  
Mr. Horace Holden, Ex-Officio  
Mr. Edward Hague

# REPORT OF THE CITIZEN'S STUDY COMMITTEE

## ON LAW ENFORCEMENT

### Legal and Judicial Study Session

The purpose of this committee has been to study the legal and judicial aspects of law enforcement in Charlestown, and to make recommendations leading to more effective law enforcement.

The Committee has made a search and study of town ordinances now in existence and found the following:

1. 1930 - The selectmen enacted street traffic regulations directed to controlling traffic in the horse and buggy, and early automotive days.

The committee recommends that these regulations be repealed either by the selectmen or under an article in the warrant at town meeting.

2. 1930 - It was voted at town meeting to license all junk dealers able to pay the required fee. This seems to be obsolete.

3. 1943 - The selectmen approved "An ordinance providing for the registration of bicycles". The ordinance is cumbersome and has not been observed for years.

State Law (RSA250:12-21) covers the use of highways by bicycle riders and states in part "If a town has not adopted ordinances or by-laws hereunder, the selectmen are directed to require that bicycles in the town shall be licensed and equipped as stated above".

The committee recommends that the old ordinance be repealed and the accompanying ordinance be substituted by a vote of the town, under an article in the warrant. This ordinance is much simpler and less cumbersome than the state law.

4. 1959 - It was voted in town meeting that all dogs in the village are to be under the control of the owners at all times.

5. 1965 - It was voted at town meeting that a spay certificate is to be shown the first time a spayed bitch is licensed.

The committee also studied the following topics:

1. Curfew: Any town may adopt the provisions of state law (RSA571:8-13) which makes it unlawful "for any minor under the age of 16 years to be upon any public street, or in any public place, after the hour of nine o'clock in the evening, unless accompanied by a parent, guardian, or other suitable person".

The committee recommends that the accompanying ordinance be adopted as being more in line with modern times.

2. Hawkers and Peddlers. The committee found the subject well covered by state law (RSA320:1-22 as amended 1955 session laws Chapter :85). When a stranger comes door to door offering merchandise for sale, the householder should ask to see his license issued by the Secretary of State or the Town Clerk and endorsed by the licensee. The N. H. Bank Commission is also having legislation introduced in the legislature to protect home owners from "fly by night" repairmen.

The committee has found that the selectmen have the power to pass certain ordinances and regulations as outlined in the selectmen's handbook. Areas in which they may pass them, include, parking, establishment of stop intersections, erection of stop signs, and use of vehicles on particular highways.

However, the selectmen must follow this prescribed procedure for the ordinances to be legal:

Approval by the selectmen, recorded as approved with town clerk, and published in town newspaper (or posted in two or more public places) before taking effect.

Also any ordinance may be passed by a majority of the voters at town meeting.

The committee recommends that the selectmen obtain two books for the compiling of town ordinances as found by the committee, and to place on file any further ordinances as they are passed so as to have them readily available without searching through old records—one copy to be kept with the town clerk and one in the selectmens office.

The committee further recommends that the selectmen pass ordinances deemed necessary by them, and within their power by following the prescribed manner. Especially should they pass ordinances dealing with street regulations, such as stop signs and restricted parking areas. These ordinances, when legally enacted, to be filed by number in the ordinance books which we recommend.

In its study of the judicial aspect the committee has visited court sessions and discussed what has been recommended by the state judicial council. That, in light of the fact that the judicial council has ordered the town to improve the court at an expense to the town—and that the court will automatically cease to exist within a few years—the committee recommends that on the next ballot the question be presented to the townspeople as to whether they wish to keep the local court.

## CHARLESTOWN MEDICAL BUILDING ASSOCIATION

Trustees: Charles Dalzell, Chairman; A. R. Stevens, Vice Chairman;  
Barbara Freese, Sec.-Treas.

By authority of Article 12 of the warrant of the Town of Charlestown for 1966, the above Association was formed as a non-profit corporation for the purpose of planning and building a medical building.

The first order of business after the Association was organized was to select a site for a medical building. Since an offer of land was made to the Association after Town Meeting, which seemed to merit consideration in addition to the one previously selected, a special town meeting was called to determine if the citizens of Charlestown would grant authority to the Trustees to consider other sites. This authority was granted at the special Town meeting and the present site offered by the Frizzell's was chosen with a letter of thanks sent to the Unitarian Church for their generous offer of land previously considered.

Ralph Jacobs having moved from Charlestown resigned as Trustee and A. R. Stevens was appointed by the selectmen to fill his vacancy until the town meeting of 1967.

A building committee consisting of Mr. William Colson, Coordinator; Mr. Robert Bushway, Mrs. Margaret Spaulding, Mrs. Verlie Washburn and Mr. Charles Snow were appointed to develop plans for a medical building, working closely with the Trustees and Dr. Jones and Dr. Merriam. A finance committee was appointed with Mr. Robert Kiley as Chairman, Mrs. Isabelle Palmer, Mr. Gordon Bemis, Mr. Arthur Jellie, and Mrs. Alice Whitney who were to survey the area and report what donations might be expected to supplement the town appropriation to better enable the building committee to properly plan the building. This group was greatly assisted by the MAD committee which took on the responsibility and sponsorship of a now famous fund drive which with the support of a multitude helped to swell the contributions from private individuals, business and organizations to a sum almost equal to the \$15,000 appropriated by the town.

The details of these activities were well reported in the area news media, and a scrapbook of these events was compiled by our Sec.-Treas. which is available at the Town Library for all to see.

The invitation for bids went out on April 21st after countless hours of effort by the building committee and doctors. Normand Beaudry Contractor was awarded the contract on the basis of lowest bid.

The building was completed and dedicated at an open house on August 7th at which time it was leased to Dr. Jones and Dr. Merriam who incorporated themselves into the Charlestown Medical Center. This lease agreement rents the building to the doctors for which they are to pay for all utilities and inside maintenance of the building and also pay the Association a monthly rent. This lease agreement is on file with the Town Clerk and also the Sec.-Treas. of the Association.

The building is complete except for some minor items and the landscaping which is approximately one-half done, the balance to be completed in the spring. The funds for these projects have been set aside awaiting the appropriate time for their completion.

This project could not have been completed without the full cooperation of all the people of the area. The cooperation was indeed forthcoming and the people of this area should be proud of their accomplishment.

Respectfully submitted,  
Charles Dalzell, Chairman

**MINUTES OF THE CHARLESTOWN  
SCHOOL DISTRICT MEETING  
March 12, 1966**

Meeting called to order at 10:00 a. m. by Moderator Martha Frizzell.

The warrant was read by the Moderator.

It was announced that the Polls would be open from 10:00 a.m. to 6:00 p.m. Arthur Moore and Edwin Morrill were the Ballot Clerks.

Mrs. Spooner, Mrs. Child and Mrs. Bingham were the Supervisors of the Check List.

A motion was made by Hugh Edgar, seconded by Loraine Child, to postpone action on Article 5 through 9 until 2:00 p.m. Motion carried.

The meeting was reopened at 2:00 p.m.

Art. 5. To see if the District will vote to authorize the Treasurer to remain in office until such time as the school accounts for the school year 1965-66 have been audited.

Hugh Edgar: In order to have proper closing of the District books, I move that the District vote to authorize the Treasurer to remain in office until such time as the school accounts for the school year 1965-66 have been audited. Seconded by Harold Blodgett.

Motion carried.

Art. 6. To see if the District will authorize payment of the salaries of school board members and other officers and agents on a pro-rated basis from the anticipated June 30, 1966 balance.

Loraine Child: I move that the District authorize payment of the salaries of school board members and other officers and agents on a pro-rated basis from the anticipated June 30, 1966 balance.

Seconded by Harold Blodgett

Motion carried.

Art. 7. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

Dana Olden: I move that the reports of agents, auditors, committees or officers chosen be accepted as printed in the Town Report.

Seconded by Cecil Fisk.

Motion carried.

Art. 8. To see if the District will vote to accept the provisions of Title I, Public Law 89-10 (Elementary and Secondary Education Act of 1965) and to appoint such funds as may be made available to the District under said Federal Act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Cecil Fisk: I move that the District vote to accept the provisions of Title I of Public Law 89-10 and to appropriate the sum of \$7,693.78, such monies having been made available to the District under said Federal Act for such particular projects as may be determined

by the School Board. I further move that the District authorize the school board to make application for such funds and to expend the same for such projects as it may designate.

Seconded by Dana Olden.

Title I of Public Law 89-10 was explained by Cecil Fisk. Mr. Gude and Mr. Mosher explained what this money would be used for in the schools - for such things as library books, globes, visual aids, and other equipment not in the budget. All this equipment would remain in the Charlestown schools.

Vote on motion: motion carried.

Art. 9. To transact any other business that may legally come before the meeting.

A motion was made by David Conant, seconded by Cecil Fisk, that serious consideration be given for a suitable name for the new elementary school, a notice be put in the papers asking for suggestions, and the School Board select the most suitable name.

Motion carried.

Hugh Edgar stated the Board was not presenting a budget because the District would not exist after June 30, 1966. The Board expects to complete the year with a slight balance.

There being no further business, the business meeting was adjourned at 2:20 p. m.

It is interesting to note that there has been a High School program in Charlestown intermittently since 1853. The first programs consisted of two and three year courses. The first class to complete a four year program graduated in 1917, with the following graduates: Dora Fisk Teague, Olive Lawrence Whitney, Edith Stoughton and Oscar Adams.

June 1966 will see the last class graduating from Charlestown High School. After that we become a part of the Fall Mountain Regional School District.

Polls closed at 6:00 p. m.

There were 48 ballots cast.

Results:

Moderator - Martha Frizzell

District Clerk - Arline Warren

School Board Members:

Cecil Fisk

Barbara B. Reese

District Treasurer - Beatrice Olden

Auditors:

Elizabeth Bascom

Joan Herzig

Meeting adjourned at 6:10 p. m.

A true copy attest:

Arline W. Warren
